

Weekly Médiamat

From 28th October to 3rd November 2024 - Week 44

Day of viewing

From 1st January, Médiamat has included the audience of :

- French people not equipped with TV sets at home
- TV content watched on an Internet screen at home

As a result, Médiamat now tracks the TV audience, regardless of location (home, out of home), screen used (TV, computer, smartphone, tablet) and consumption mode (live, timeshifted, replay, preview) for all French people aged 4 and over.

PLEASE NOTE :

This methodological change makes it impossible to compare results with previous years.

Average day Monday-Sunday - from 3am to 3am - 4 years and older

Survey features

Médiamat, the benchmark in television audience measurement in France, provides daily **audience figures for programmes watched anywhere, on any screen, live, timeshifted, on replay or preview**, by all French people aged 4 and over, i.e. **62.4 million** individuals.

The measurement is based on **2 representative panels** :

- A first panel of around **12.000 individuals** in **5.500 households**, comprising :
 - 5.000 households equipped with home TV sets, each connected to a fixed audimeter, the source of home TV audience measurement
 - 500 households without home TV sets
- A second panel of around **5.000 individuals** carrying a **personal portable meter** to measure TV audiences out of home (all screens) and on Internet screens at home. These audiences are then attributed to the individuals in the first panel by statistical fusion.

Definitions

Audience in Viewing days: total audiences of programmes viewed live, private time-shifted, preview and on replay on a given day, regardless of the original live broadcast date of the programmes caught up with.

Weekly coverage: number of individuals who had at least one contact with the television medium during the week, regardless of the duration of this contact.

Audience share in percentage: share that represents the viewing time for a channel over the total viewing time for television media.
